- 304** 1859 (September 1): Entire letter, clearly dated inside, mailed from Santa Marta to Bogotá, franked by 1859 20 centavos blue, in a splendid deep shade with ample to large margins all round and insignificantly touched at left, cancelled by 'O' handstamp in blue. A wonderful and extremely rare entire, the adhesive being used on the *First Day of Issue*. Just one other cover is known mailed on the first day (ex 'Islander') however this bears a 5 c. and 10 c., thus this cover is a **unique first day of use franking**. Cert. Colomphil (2012) and Moorhouse (2013).

Note 1: 20 centavos paid the single rate for a distance between 450 to 1'350 kilometres.

Note 2: When the other cover was sold ('Islander' lot 181, June 2008), it was erroneously described as being the sole 'First Day Cover of any American First Issue'. However, there is an 1856 Mexico cover used on first day (1 August 1856), and now two recorded Colombia usages on First Day. Nevertheless, this is a marvellous opportunity to own one of the great rarities of Classic and South American philately.

To have a better chance of being successful as a postal bidder we recommend setting a limit for the total amount of your purchases (excl. 20% buyers premium): for example, bidding on a range of lots with a total amount of CHF 10'000 and setting a limit of CHF 7'500 for your purchases means that the total for lots knocked down to you will not exceed the limit you have set. We know from experience that postal bidders are rarely successful on all lots. On the other hand, you might have been interested in other lots as well, but not knowing which lots would be knocked down to you and being worried to spend more than a certain amount, you did not bid on them. Giving a total purchase limit (see also the Bid Form in this catalogue) enables you to have a better chance of being a more successful postal bidder!

- 442 1864 (Jan 6): Cover and contents addressed to Paris, France with manuscript endorsement at left '**A un prisonero Mexicano**' and, underneath '*Bourges*' in manuscript; struck with two line FRANCO S. MIGL. / DEL MESQUITE in black. Reverse with '2' (reales) Mexican handstamp in black alongside circular MINISTERE DE LA GUERRE 'Eagle' cachet in blue, presumably applied as a Censor marking to the letter between Paris and the Prisoner of War Camp in Bourges. Fascinating contents regarding the War and the whereabouts of weapons formerly controlled by the prisoner when he was in Puebla de Saragoza, where the Republicans had just won a 'bloody battle'...the Revolution continues in Guanajuato, León, Aguascalientes and San Luis (Potosi)...General Fraga suffered a defeat at Jalisco and it is known that Negrete and Mejia had a bloody battle in San Luis with 2-3'000 deaths on both sides and plenty of Prisoners of War....very soon we will have the support of the Americans...' this latter remark prescient and true but the Civil War still raged North of the border. Remarkably this is the *sole recorded Prisoner of War cover from the 'Maximilian' Campaign* in Mexico. An historic Postal History rarity. Signed Todd AIEP.  **5'000** (€ 4'050)

for carving the woodcut die used to make the
provisional stamps and envelopes
